

## Pineline Drop-Off

Product no.	855	
Description	Special product for drying wax systems in automatic car washes.	
Special features	Suitable for wash tunnels that are not equipped with separate polishing brushes. Can also be used as a foam wax, hot wax or pressure wax. Works effectively as a drying wax and as a problem-solver in machines with lower-powered fans. Rapidly forms an effective droplet effect that improves safety when driving in the rain. Leaves a clear finish on glass surfaces.	
Instructions for use	Recommended dilution: - concentration 0.2 – 0.4 % Typical consumption (Roll-over machines): - 20 - 40 ml / passenger car  Apply the product before fan drying.	
Note!	Read the instructions for safe use on the label or in the Safety Data Sheet. Store sealed at +5...+30 °C.	
Working environment	Ensure adequate ventilation. The product is easily biodegradable.	
Technical data	Form and colour pH-value (20 °C) pH-value (1 wt-%, 20 °C) Relative density	orange liquid 6.5 7.5 0.99
Contents	Cationic surfactants	5 - 15 %.
Package	25 L, 200 L.	
Other information:	Made in Finland.
